FIRE SWEEP DOCKS

DESTROYS HOBOKEN FREIGHT SHEDS

Blazing Ferry Boats Floated Down the Bay to the Peril of Craft and Waterside Buildings

Hoboken, N.J., August 8.—In three quarters of an hour fire swept the Delaware and Lackawanna docks, destroying them with six hundred feet of freight sheds. It was a spectacular blaze and consumed an immense amount of property, including two large New York ferry boats, which went floating down the river, a floating menage to all the craft and waterside buildings. The big Hamburg and North German Lloyd's liners were imperilled and the new piers and immigration hall were backed up like oil. The loss is \$500,000. No lives were lost.

TRANSFER SEPTEMBER 15TH.—Ottawa, August 7.—The Militia Department expects that the transfer of the Halifax garrison to the Canadian authorities will take place on September 15. It was hoped at one time the transfer would have taken place September 1st, but it was not possible to complete arrangements before the later date.

IRON WORKERS HAVE TROUBLE.—Cleveland, August 8.—Over 50,000 men threaten to lay down their tools in the threatened structural ironworkers' strike.

INVESTIGATED THE SCOTT FIRE.—Winnipeg, August 8.—The commission sat yesterday to investigate the big Scott fire about which so much comment has been made, but no complainants appeared.

CONSERVATIVE ORGANIZER COMING.—Winnipeg, August 8.—Hon. N. E. Hackett, of Montreal, Conservative organizer for Quebec, and J. J. Bhan, of Kingston, who have been receiving such extended notices in the city papers here, left for the West last night. They are Grand Officers of the C. M. B. A. and will be in Regina tomorrow, Prince Albert Friday, returning Sunday, Tuesday at Calgary, Strathcona and Morinville, August 16th, and Edmonton, August 17.

SYNOD MEETS TODAY.—Winnipeg, Man., August 8.—The triennial Provincial synod of Rupert's Land meets in Calgary today, and a large number of delegates left here last night for the west, including the new Dean. It promises to be the largest gathering since Archbishop Matheson died. The synod will consider the new canon for election of Archbishop and will select a successor to the Bishop of Selkirk. Bishop Grisdale of Qu'Appelle also needs assistance. The education question of Alberta will also come up in the form of a motion.

LATE DONALD MCCAIG.

The funeral of the late Donald McCaig, Inspector of schools for Algonquin, and father of Inspector McCaig, of this city, took place in Collingwood, Ont., on July 31st, and was largely attended by friends and citizens.

Mr. McCaig was identified with the cause of education in Ontario almost all his life. He taught first in Waterloo township and afterwards in Port Hope, and for seven years he was connected with the Rockwood Academy.

After having served as principal in the Berlin and Galt public schools the deceased accepted the appointment under the Ontario Government, as Inspector of schools for Algonquin, which position he filled for twenty years. He had resigned only a few weeks before his death. In this capacity he did the kind of valuable pioneer work to which his energies and ambition naturally attracted him. He was a gentleman of the highest integrity and trust, and was universally esteemed and respected by teachers and friends. He

leaves a widow and nine children to cherish his memory. Three sons have made homes in the west—Mr. J. McCaig is Inspector of schools in the Edmonton district; Dr. Alex. McCaig is practising in Sault Ste. Marie, and Spencer McCaig is clerk of customs at the port of Lethbridge. Mrs. McCaig and daughters reside in Collingwood.

LACROSSE TO-NIGHT

The froquols go to Strathcona this evening to play a scheduled game with the lacrosse club of that town. The game begins at seven o'clock and is expected to be interesting. The froquols will line up as follows: Harper, goal; Morris, point; Ghass, cover point; Biewett, 1st defence; Cook, 2nd defence; McQueen, 3rd defence; Hanford, centre; Thom, 3rd, home; Perrin, 2nd home; Maloney, 1st home; Harris, outside home; Thompson, inside home.

CALGARY LIBERAL BAN-
QUET

On the evening of the convention, Calgary Liberals banqueted the visiting delegates in a manner that left a very good impression of Calgary hospitality upon the visitors, and constrained one Edmonton man to remark that he was almost persuaded that Calgary might do for the capital. The menu was first class, but it was the stirring Scotch music of Bagley's orchestra that charmed the visitors most and made many think they were at a St. Andrew's supper. There were no tunes like the old times that night.

The chair was occupied by Mr. W. H. Cushing, president of the Calgary Liberal association. He welcomed the delegates in a short and appropriate speech. The toast to the King was honored in the customary fashion. The chairman then introduced the "House of Commons," coupling with it the name of Peter Talbot, M.P.

In replying Mr. Talbot showed very clearly that his time in the House of Commons has been well spent. He has a thorough grasp of the public questions of the day and is rapidly coming to rank as one of the best speakers in the West. He briefly reviewed some of the changes in the five stock regulations to which he has given his attention at Ottawa in the interests of the farmers. Then he discussed at length the autonomy bill. He showed from quotations of speeches by leading Conservatives that the financial terms of the bill were not only fair, but generous. He gave credit to Hon. F. Oliver and Walter Scott, M.P., for their careful and untiring efforts in securing such terms, and, though his modesty forbade him saying it, there is no doubt they had a firm and useful ally in Peter Talbot, M.P. He reviewed the educational clauses, quoting evidence to prove that the settlement of the school question here has been eminently satisfactory and that Alberta has the best system of national schools on the continent. Mr. Talbot's address was listened to with very great attention, and was one worthy of a Dominion representative of this great province.

The toast to the North-West Assembly was then proposed by the chairman. When Mr. A. C. Rutherford, M.L.A., the provincial president rose to reply he was greeted with hearty cheers. Mr. Rutherford said the challenge had been thrown down to the Liberals at the Moose Jaw convention, and this convention was their reply. The time had come for party action in Alberta and he believed it was being taken in the best interests of the new Province. He thanked his friends for their kind reception, and, while bidding a reluctant good-bye to the old North-West Assembly, he would, as president of the Alberta Liberals, devote his best energies to the service of the new Province.

Three cheers and a "tiger" were given for the new president and J. W. Wolff, M.L.A., for Cardston, was called on. He said they called (on the cheering) for a tiger and only got a wolf. He said he was glad the day of party politics had come. As a supporter of the non-partisan Government of the Territories he had found that he could not secure anything for his constituency unless it was in the interests of the Conservative party and he was tired of this mockery of independence. He would never run again as a supporter of such a government. He wanted a fair party fight.

Dr. Stewart, vice chairman then took charge of the proceedings and in a well-delivered address proposed the toast to the Province of Alberta. Mr. C. W. Cross, Liberal candidate for Edmonton, was called on to reply. Mr. Cross said that if the Liberals around the tables remained in Calgary that city might be taken for Liberalism. He briefly reviewed some of the principles laid down by the convention in the afternoon and showed by his comprehensive grasp of Provincial affairs that he is destined to play a very important part in the future political history of Al-

berta. The gist of his speech was that the Liberal party would endeavor to stand by the people and for the people in the government of this Province which is destined to be the greatest in the Dominion.

Mr. Malcolm McKenzie, of MacLeod, was next called upon and complimented Calgary on her hospitality. He was glad and proud to be a member of the party that laid down the platform adopted, and he expressed confidence in and hope for, its future success.

Mr. C. A. Stuart, in his scholarly fashion, made an excellent and eloquent reply when he was called upon. He spoke in general terms of the Liberal party and its great work and expressed the hope that visiting Liberals would go away with kind feelings for Calgary. Mr. Stuart was warmly applauded.

Mr. W. T. Findlay, M.L.A., of Medicine Hat, was also on this toast list. He said he was coming to a new province, as he was in that part of Assinibola now joined to Alberta. He parted with his old love with some reluctance but was proud of the new alliance. He strongly favored a straight-out Liberal fight. Mr. Findlay is a practical business-like man and one from whom this Province will get good service.

Dr. J. Stark, of Rosebud district, came next. The doctor is a combination of a bright, after-dinner speaker and a shrewd student of political affairs. His comparison of the return of Haultain and Bennett, from London, to a stray remnant of the Itasca fleet, convulsed the house. He called for a straight, manly, clean administration of affairs in Alberta by the Liberal party.

Mr. Fletcher Eredin, of Athabasca Landing, gave some very interesting information about the north country, which was published in yesterday's Bulletin.

Mr. G. P. Smith, of Duhamel, a young speaker who rendered Mr. Talbot good service last election, made a brief and entertaining address.

Mr. Alex. Stuart, of London, Ont., responded to an invitation by giving a brief resume of the recent campaign in that city. He also complimented the Alberta Liberals upon their bright outlook in provincial politics. Mr. Phillips, of Red Deer, spoke briefly. He said they held no bad feeling against the convention for its action and he expected to see Red Deer's difficulties settled, and a Liberal member elected for that constituency yet.

The meeting was brought to a close by votes of thanks, hearty and sincere, to the Calgary Liberals for their splendid entertainment, Bagley's orchestra for its excellent music and Secretary C. A. Stuart for his untiring efforts toward the comfort and convenience of the delegates. Everybody left voting the banquet a fitting close to the successful convention.

WESTERN NEWS AND VIEWS

—Didsbury Pioneer.—While Allan Good, carpenter, of Didsbury, was riding by Manasseh Weber's place on Saturday his horse became ugly, and throwing him fell on top of him and broke his collarbone and shoulder. Although Mr. Good was so badly hurt and in a bad condition after extricating himself he managed to walk to his home, two miles distant from where the accident happened, but was badly played out when he got there.

—The Frank Paper.—Party politics in principle stand for the government of the many and not of the few. If a mis-step is made the people know whom to blame and the party is held responsible for the sins of its members, the whole being blameable for the one. Coalition politics cannot guarantee anything beyond individualism. The hope of Frank's leading paper is that the approaching campaign will be fought out on the lines of party politics.

—Lacombe Advertiser.—The amount of labor and expense the C.P.R. people are putting into making a first-class roadbed for their new extension east from Lacombe strengthens the general belief that this line is being built with a larger end in view than merely to act as a feeder for their C. & E. line. At the present time they are at work on a three foot fill to raise the grade that much through the low ground east of town. Meanwhile rumors remain very persistent that the road will be extended west from Lacombe, and that definite developments looking towards this end may be expected in the near future. However, it has also been impossible to get any official confirmation of these rumors.

—A new edition of R. G. McBeth's "The Making of the Canadian West" has been recently issued by the publisher, William Briggs. The book was first issued in 1898 and the present edition is the natural outcome of the continual demand after the first edition was out of print. The opportunity has been taken of bringing the work thoroughly up-to-date, a new chapter being introduced on "The Farther West." A special chapter is devoted to Educational History, which so far as it treats of the educational clauses of the recently passed Autonomy Bills, can hardly be said to be of that impartial character that so greatly adds to the value of any historical work. Apart from the evident political bias of the author, nothing but praise can be offered in connection with the book.

—Free Press.—Regarding a report circulated from Vancouver to the effect that a quantity of the winter wheat grown in southern Alberta, and in the Calgary district particularly, presumably about 1,000,000 bushels, was to be diverted westward via the coast on its way to market in pursuance of the policy of the C. P. R. to make Vancouver a great milling centre, giving them freight westward for their lumber cars and at the same time relieve congestion on the great lakes route, Mr. F. W. Peters, assistant freight traffic manager, when interviewed by the Free Press yesterday, expressed himself as of the opinion that the wheat would find its own natural market. However, he added that the wheat in question was of a different quality from that grown in Manitoba and Assiniboia and would find its sale in a different market. Considerable fall wheat had been grown in southern Alberta last season and some of this had been ground in flour mills located at Enderby, B.C.,

and shipped mostly to the Orient. A much greater amount of this wheat would be harvested this year and signs pointed to the likelihood of a growing market for this product in the far East, which would no doubt lead to the establishment of flour mills at other points in British Columbia. But wheat hitherto shipped east to European markets would not be carried westward in its course for the purpose of relieving congestion on the easterly route. Comparatively little, if any, of the wheat which had been grown in southern Alberta had been shipped to European markets. The C.P.R., said Mr. Peters, looked for and were expecting the growth of winter wheat to increase rapidly in extent in the next few years, but that wheat would have to depend upon the market from which the demand came as to its course of shipment.

—Moosomin Prospector.—Premier Haultain and his friends are showing considerable activity now that the elections for the two new Provinces are in sight. Conservatives seem to think that because Mr. Haultain has been Premier, he should, as a matter of course, be called on to form a Government in one of the new Provinces. On what grounds is the claim made? Surely Mr. Haultain himself does not expect to be so honored after the very active partisan part he has recently taken in party politics. Not content with opposing the Liberals in the West he, with his friend, Mr. Bennet, journeyed to Oxford and London, to fight the Liberal party. Of course he had a perfect right, as a party man, to oppose the Liberal Government, that is his privilege, but having done so, he should not look for favors from the Liberals. The Conservatives in the West should not expect a continuance of the old coalition form of rule, after their aggressive and positive declaration in favor of party Government. Then why should they expect such a strong party man, as Mr. Haultain has shown himself, to be chosen by the Liberals as head of the Provincial Government. Mr. Haultain will be Premier when his party wins and not before, and his friends may as well cease whining.

—Bulletin No. 17 on the acreage and crop conditions of the Northwest has been issued.

—The McLeod Gazette says considerable hay has been ruined in that district by wet weather.

—A gang of men with waggons are repairing the roadway on Jasper avenue from McDougall street to Queen's avenue.

—Weather has been warm in all districts with scattered thunderstorms. The probabilities are fine warm weather in Alberta today and Wednesday.

—The general committee of the inaugural celebration meets in the city hall tomorrow evening at 8.30. All members of all committees are expected to be present.

—The Capitals are unable to go to the Calgary base ball tournament on account of not being able to secure another pitcher. Wetsakjwin has corralled all the twirlers along the line.

—Reports from all parts of the country are most promising. Crops are ripening rapidly, barley cutting has begun in several districts and wheat cutting will begin in a few days.

—H. Deaton who has played short stop for the Capital base ball team this summer, is engaged for the remainder of the season at Wetaskjwin and will play third base for that team. Deaton is a good player and will be missed by the Capitals.

—The new flour mill is rearing its head above the bushes. It is now four stories high. The ratemakers who vote upon the bylaw regarding it have the exceptional privilege of seeing the mill go up as they vote. The work is being pushed forward rapidly that it may grind some of this year's wheat crop.

—The afternoon train left Calgary two hours behind time yesterday and reached Strathcona only twenty minutes late, reducing the schedule time for the distance by an hour and forty minutes. It might be a good idea for the train to leave on time and make this rate of travelling regularly.

—Calgary Herald:—Edmonton will have a great inaugural ball. The ceremony incident to the birth of the new province will be very elaborate. The attendance will be very heavy. It will be a gala occasion and the tickets who paid \$1.50 for the gambling privilege at the Edmonton fair are bidding for the graft privilege, Sept. 1.

—The Winnipeg Free Press says:—McMillan Bros., the big railway contractors, pulled into Westbourne, their house camp, with their enormous grading outfit, complete. This is significant, and it is in line with the activity of the right of way engineers in that vicinity. It is understood that G.T.P. grading will start by Sept. 1. At least contractors are getting ready for that time and have evidently got the word.

—Lethbridge News:—The town was shocked last Tuesday night by the news that a man had been killed. John Cockburn had been spending the evening at the home of Mr. Stubbs. The night was stormy. After the storm had subsided the young man started to accompany a young lady, who was also spending the evening there to the Conybeare residence. When within a few steps of the gate they crossed the road to avoid mud and came to a wire hanging about three feet from the ground. The young man took hold of the wire to raise it for the lady to pass under. It proved to be a live one from which the recent lightning had blown the insulation and the unfortunate fellow was struck dead. He was carried into the house and Dr. Gailbird summoned but when he arrived he found life had been extinct some minutes.

BIRCH LAKE ITEMS

Gilpin, July 28.—A meeting of Liberals was held here for Birch Lake polling sub-division No. 19, on Thursday evening, July 20, and, judging from the enthusiasm shown by all present there is to be a lively interest taken in the Provincial elections by the electors of this district. The principal object of the meeting was to appoint a delegate to attend the Vegreville convention on August 1. Rev. W. L. Braden occupied the chair, and Mr. B. C. Gilpin acted as secretary. After a good deal of discussion two names were decided on as first and second choice for candidate and Mr. J. A. McDougall, of 49-12, was the delegate appointed.

We get our mail on Thursday now instead of on Friday as formerly and are thankful to be even one day ahead.

Messrs. Gilpin have been changing the old landmarks around their premises lately and travellers now have to make a new trail. They have turned over about twenty acres near their store with the breaker.

Mail day is the busy day at Gilpin and reminds one of fair days at some of the small eastern towns. Oxen and horses attached to all kinds of vehicles surround the place, which goes to show that there is a brisk business done.

There are a great many settlers passing here almost every day. The majority of them are located in the neighborhood of Buffalo Coulee, southeast of here.

The people of this section are very anxious to get a station from the C. N. R. somewhere in Township 51-12. The township will get a large volume of business from four or five townships near it if they give them a station on their line about the centre of 51-12. Several new houses were built this summer, a few of them of the better class.

The crops never looked more promising at this time of the year.

Mr. Holden, homestead inspector, Vegreville, was through this district last week in his official capacity.

Mr. W. Ogilvie, Dinwoodie, formerly of North Georgetown, accompanied by Mr. MacNaughton, of Huntington, Mrs. Treedy, New York, and Miss Ogilvie spent Saturday last with Mr. J. A. McDougall, of 49-12.

Miss Alice Pearce and Miss Fessie Hare are visiting friends here for a few days.

Mr. W. H. Hare, Dinwoodie, spent Sunday with Mrs. Empey.

FARMERS ORGANIZE

(Continued)

A meeting of farmers was held at Sunnyside school house Friday evening, August 4. Messrs. Grierson, Oakes and Clark of the Belmont local union and Mr. Spaulding of the Poplar Lake local union of the Canadian branch of the A. S. of E. attended for the purpose of organizing a local union of the society in that school district.

Considering the weather there was a fair attendance. A local union was formed, all those present, to the number of twelve joining the movement. The following officers were elected.

President—Mr. Frank Knight.
Vice president—Mr. C. I. Potter.
Secretary—Mr. H. Colman.

Messrs. Potter and Dave Latimer were appointed delegates for the central executive; meeting nights, first and third Fridays in every month. Special meeting next Friday night re blunder twine.

The society has every reason to congratulate itself on its rapid growth and there is every reason to feel the farmers are fighting to win.

Full particulars of the society can be obtained from the local organizer, Mr. J. King, Box 5, Edmonton.

The board of directors met in the city hall, Edmonton, first Saturday in every month at 1 p.m.
Farmers of every nation and creed should join the movement.

CRICKET

In beautiful weather Edmonton and Fort Saskatchewan teams played their match in the "Ochsen Cup" series last Saturday at Fort Saskatchewan, the game resulting in a draw somewhat in favor of the Fort. Batting first the home team put together the good total of 156 for seven wickets and declared their innings closed. Bowler being top scorer with a well played 47. During the time remaining for play Edmonton made 129 for seven wickets. C. L. Hayes playing freely for 80 net out, whilst E. Slocock contributed a good 25. The Edmonton club are much indebted to the ladies of the barracks, Major Strickland, the officers, and men of the R. N. W. M. P. for their lavish hospitality.

J. BRUCE PAYNE, Limited, Granby, Que.

A PROSPEROUS ALBERTA FARMER.

[Special Correspondence to the Bulletin.]

Tofield, August 2. — Your correspondent a few days ago, had the pleasure of visiting the beautiful farm of Mr. Cyrus Young, on the east side of Beaver Lake, Canada has many pretty spots; yes, she has many of these around Beaver Lake and probably there is none prettier than that which Mr. Young has selected. A little over three years ago Mr. Young left Carrall, Iowa, and came out to Beaver Lake. He was so favorably impressed with the land that he at once bought 1280 acres and since that time has purchased three additional sections, making a total of something like 220 acres. Mr. Young has money and apparently is not afraid to spend it, as one could readily judge by the extensive improvements made in such a short time.

The numerous buildings, which he has erected are of sizes ranging all the way from a chicken coop to a beautiful \$9999 residence in course of construction. The residence in course of construction is undoubtedly the finest in these parts. It is being built on a knoll a short distance from the lake. Immediately to the front of the house is a fair sized bay and further out lies the main body of water, a splendid view of which may be had from the house. Hindiker Bros. intend erecting a house the same size for themselves, as soon as they have finished their present contract. The size of the house is 38x23 feet, two and a half stories high, containing thirteen rooms, besides a large basement.

Mr. Young, has a garden of which she may feel justly proud. Some of the things which she seems to be successful in growing deserve special mention, as some of our cousins on the other side of the line think this is a land of nothing but snow and Indians. A year ago last spring Mrs. Young put out some apple seeds which she saved from Spitzenberg apples. She did not expect they would grow as everyone said, "It is no use; they won't grow." Mrs. Young, not the least discouraged, made up her mind that she would try them anyway, and to her surprise they grew nearly eighteen inches last summer. The young trees stood the winter all right and the growth this year already is fully eighteen inches. Another thing worthy of note was the splendid Mammoth Queen gooseberries. Mrs. Young brought the bushes from the States, and this year the bushes were loaded with berries as large as plums. Another plant that she brought from the States and proved successful is the Cyclone strawberry. This year the plants yielded a goodly number of large berries. A tree that is uncommon in Alberta, namely the black walnut, is doing well. In less than three months it has grown fully 12 inches.

Among other things which might be mentioned is the luxuriant growth of scumtara, or wild rice, sometimes known as rice elder. The growth in less than two years is fully five feet. Also American wildrice grown from slips are now three feet high. The early sweet corn patch now stands four feet high and bids fair that they will soon have abundance for table use. Two-thirds of a large number of pine trees planted out last spring are growing rapidly. All garden stuffs, such as onions, carrots, peas, beans, cabbage and pumpkins speak well for this new country.

Of the 220 acres, Mr. Young has fenced 1700 acres, 200 of which are under crop, and by all appearance the yield will be exceptionally heavy. On a strip of land, which is nearly surrounded by water, except at one end, Mr. Young pastures over 250 head of sheep. In another field he has a splendid herd of over eighty head of Hereford and Durham cattle, all well bred. The faithful animals that seem to be pushing the horses, but their place is well filled by three teams of extra large mules.

There is no mistake but that the old adage, "Money makes the mare go," is quite true, but it is equally true that the man who comes to this new land with the determination to make for himself a home, and if behind that determination he has grit, wisdom and perseverance, he too can make the mare go.

Ross Bros. Limited

ROSS BROS. Limited, are the Sole Agents in Edmonton for the Celebrated

Peters' Pump

Peters' Double Cylinder Force Pumps

The annexed cut represents our Double Cylinder Force Pump. This is positively the easiest working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and, each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump with half the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe and the one balancing the other, overcomes all the hard labor in pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet. Its durability is far superior to any other pump for the following reasons:

1 It has solid brass cylinders which do not wear out the leathers.
2 The cylinders being at the bottom of the well never lose their priming.
3 It has chilled valve seats which neither rust nor wear.
4 The leathers used for plungers and check valves is the very best obtainable.

5 It has no stuffing boxes.
6 The cylinders are stationary, working nothing but the "plunger" valves.

7 It having double the capacity of any other pump, requires but half the labor.

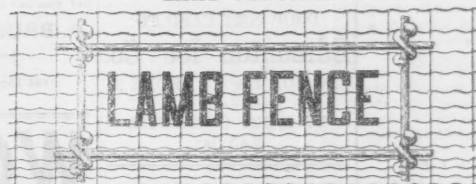

8 The pipes and rods used are all galvanized.

This pump can be fitted for six-inch bored wells with our special double cylinder.

We keep this pump in three different sizes as follows: 3 1/2 in. cylinders for 1 1/2 in. pipe, for stock wells up to 25 feet deep. 3 in. cylinders for 1 1/4 in. pipe, for stock wells up to 35 feet deep. 2 1/2 in. cylinder for 1 1/4 in. pipe, for stock wells up to 50 feet.

The capacity of our double cylinder pump is as follows: 3 1/2 in. double cylinders, 1300 Gal. per hour. 3 in. double cylinders, 1000 Gal. per hour. 2 1/2 in. double cylinder, 700 Gal. per hour.

In Woven Wire Fencing we handle the well known LAMB FENCING.

This fence is made from the best hard steel galvanized wire, and is kept in 20, 30, and 40 rod rolls in sizes 24", 30", and 36" high. Any person can stretch this wire into place, and its staying qualities will withstand the greatest strain that can be brought against it. In its weaving it is expanded to its greatest tension, consequently it will not contract or expand on the posts. We also have it in ornamental style for front fences, gates to match.

Not expensive, though best in quality. Absolutely weather-proof, always ready for instant use. Requires no paint—nothing but a hammer to lay it. Tin caps, nails and cement for seams furnished without extra charge.

Write for illustrated booklet, gladly mailed upon request.

24 SECOND ST., SAN FRANCISCO, CAL.

OUR MALTHOID ROOFING

is giving splendid satisfaction wherever used.

It is easily put on. Is a sure water shedder, and anyone can put it on. No expensive tool needed, use a hammer, that's all, as the nails, caps and cement go with every roll. It is put up in rolls of two hundred square feet (2 squares to the roll) and we keep it in one and two ply. Some of the best buildings in Edmonton are covered with this roofing.

LOCAL

—Edmonton celebrates Sept. 1st.
—Fort Saskatchewan fair tomorrow.

—The Clara Mathes Co. returned from Fort Saskatchewan and went down the line this morning.

—Smith & Geveaux will open a new haberdashery in the new block being erected beside Nankin's jewelry store.

—A garden party in aid of Grace Methodist church will be given on the lawn of Mr. and Mrs. C. E. Morris, Napanee avenue this evening.

—The poundkeeper is still doing business at the old stand. He had a goodly number of boarders yesterday and a horse and a cow still remain unclaimed.

—E. D. Bentley, photographer, has opened a studio in a tent in the rear of Clifton Bros' meat market. Mr. Bentley takes and delivers a picture of the sitter in one minute.

—Nature has been so diligent in attending to the duties of the watering cart that the latter seems to have forgotten its route. It's about time it took a turn about the dusty streets.

—Ponoka citizens held a public meeting last night and decided to attend the inaugural celebration in this city en masse on September 1. They decided to arrange for special cars to bring Ponoka residents here for that day.

—The current issue of the World's Work contains an illustrated article on the great Northwest. The most noticeable picture is one purporting to represent a train snowed in, of course in the "Canadian" Northwest.

—The B. C. Mining Exchange, Victoria, have issued a good detail map of Kalen Island, the T. T. P. terminus. The map is drawn on a large scale, and shows the adjacent coast waters and the proposed local route, and the terminus of the railway.

—The new Baptist church is nearing completion. It was to have been finished on the fifteenth of this month, but it will be the middle of September before it is ready for occupation. When finished the edifice will be a credit to the congregation.

—The addition to the Alberta College is taking on an appearance like unto the main building, and when completed in a few weeks it will be impossible to tell that the college was erected in two parts. The increased accommodation will improve the college facilities.

—Adolphus Dulmoult was up on a charge of theft in the police court and getting tired of waiting for justice he slipped out of the room. He was brought back by a policeman and given three months for setting the law at defiance. The charge of theft still stands against him.

—The mayor proposed proclaiming September 1 as civic holiday so that everybody will be free to enjoy the inaugural celebration on that day. It has been customary to make August 23 the city holiday, but September 1 takes precedence this year as the day every person wishes to quit work.

—Mr. and Mrs. Alex May and family returned last evening from a three week's visit to Winnipeg. Mr. May reports building operations very active in the Prairie City. Some \$8,000,000 worth of building permits have been issued this year and some 2800 buildings erected. The fair he does not consider quite up to what it has been in some former years.
